**COLOSSAL PINK** 19-104. Decorative (see natural color reproduction above). This is the variety that attracted so much attention at the Wanamaker exhibitions and on our grounds. A most wonderful new variety that has all the good qualities of Colossal Peace, with none of its faults. It is fully as large in diameter, but several times as deep; of massive build, always full to the center and will last longer on the plant than any other variety. Color clear pink, tinting lighter at tips of petals and at center. Plant dwarf, 3 to 4 ft. high. A strong vigorous grower, of branching habit, and an early and profuse bloomer. For exhibition it is a winner—immense size, fine form, pure color and keeping qualities. An ideal garden plant. The past two years have shown Colossal Pink to be undoubtedly the best pink decorative for the garden. It is very early and the plants are just covered with flowers and continue in bloom until killed by frost. As a commercial cut flower it is ideal, as the dwarf plants branch freely and produce the flowers on long, slender, stiff stems; while the color is that ideal pink with the lighter tints that is so popular. In addition, the flowers are wonderful keepers, and always full to the center. This should do wonderfully well on the Pacific Coast, where so many show centers. As an exhibition flower, it is really at its best, as the flowers are very full with high centers and so deep they are really massive, but the delicate and chaste coloring relieves it of any suspicion of grossness. All in all, it is just about the ideal pink decorative. We grow it extensively for all purposes. Strong roots, \$2.50 each; 3 for \$6.00; 12 for \$22.00.

**SPECIAL OFFER No. 1.** We will send one strong root each of Rodman Wanamaker, Betty Austin and Colossal Pink, shown in natural colors on 1st, 2nd and 3rd cover pages, for \$9.00.

**SPECIAL OFFER No. 2.** One root each of the seven exquisite new dahlias shown in natural colors on 4th cover page and described on page 32, for \$7.50.

**SPECIAL OFFER No. 3.** One root each of Rosalia Styles, Golden West Cactus, Isabel Street and Queen Elizabeth, as shown on colored insert pages, for \$3.00.

**I**N THANKING our friends and customers for their generous patronage in the past, we also want to extend a cordial invitation to visit our farms next September and October.

We wish every dahlia lover could have seen our fields the past season. "**The finest ever**" was the unanimous opinion of the tens of thousands of visitors. And truly never before were they quite so fine; **one hundred (100) acres of the World's Best Dahlias**. The hot dry weather seemed to bring out the very finest shades, tints, and colors, and such profusion. We devote acres just to trial grounds, not only to thoroughly test out all varieties, but for the benefit and pleasure of all "dahlia enthusiasts."

On the following pages will be found **the plain truth** describing them as they grow with us, and the average color; for flowers vary in color at different seasons, on different soils, in different climates and under different conditions, so we take our colors at mid-season.

**ROOTS vs. PLANTS** We do not wish to enter any controversy, but want to say, so far as flowers are concerned, there is no difference in results between roots and plants. Given the proper care, they will give equally good results. Even the growers who recommend plants as better than roots insist on roots when buying, because they are worth more. Otherwise, plants would not be offered at half price.

Roots are more easily handled, ship long distances better, and give more roots for the following year. Plants, however, enable growers to offer varieties much more quickly, where stock is limited, and at lower prices than would be possible for roots. This also allows the dahlia enthusiasts to get just the varieties they want, even after root stocks are exhausted; or, to get twice as many plants for a given amount of money.

**HANDY INDEX** A new feature this year is our new, handy index on page 28. Here, every variety described in this catalogue is listed alphabetically, also giving type or class, page where described and price of roots and plants.

**THE PEACOCK DAHLIA FARMS ARE THE LARGEST IN THE WORLD** and have the largest and best equipped warehouse and storage cellars. It contains 11,288 sq. ft. of floor space and 125,420 cubic feet of space. It is built of concrete, with an electric light plant attached, and a heating plant located 75 ft. away.

**OUR MAIN FARMS** are located at Williamstown Junction, on the Atlantic City branch of the Reading R. R., Ferry foot of Chestnut Street, Philadelphia, one mile south of the famous White Horse Pike from Philadelphia to Atlantic City, also  $2\frac{1}{2}$  miles by direct road from Berlin.

We cordially invite all to visit and see for themselves the **LARGEST DAHLIA FARMS IN THE WORLD—THE HOME OF THE WORLD'S BEST DAHLIAS**.

**ORDER EARLY** It will greatly facilitate shipments if orders are sent in early. We aim to send out orders the same or the next day after receipt, but during the rush season this is impossible—hence the advisability of ordering early. If you so desire we will reserve and send at planting time or any date you name, otherwise orders go out at once weather permitting.

**Guarantee.** We guarantee every plant, bulb or root sent out by us to be just as represented, absolutely true to name, reach destination safely in perfect condition, and prove entirely satisfactory; we will cheerfully replace any that should prove otherwise. You run absolutely no risk in ordering from us.

**Terms.** Cash with order. Remittances may be made by Bank Draft, Post Office or Express Money Order, or Registered Letter at our expense and our risk.

**Forwarding.** Dahlia Roots and Plants are sent by mail postpaid at prices named herein. By express Dahlias are billed at "2nd class" rates and in most cases are one-third ( $\frac{1}{3}$ ) or  $33\frac{1}{3}$  per cent. less than regular merchandise rates.

**Errors.** While we exercise every care, errors may occur occasionally. In such a case kindly notify us at once, and correction will be promptly and cheerfully made.

**Name and Address.** Be sure and write name and address plainly on each order or communication.

# WORLD'S BEST DAHLIAS

For 42 years we have grown Dahlias, and since 1895 have been recognized, by those who know, as not only the largest growers in the world, but growers of THE "WORLD'S BEST DAHLIAS." It matters not to us whether a superior variety is produced on our own farms, or on a brother grower's. For the World's Best, we must secure the best from the world's growers, and use them to test out our own production before introducing them. This we owe to ourselves and to our Dahlia loving patrons.

The past season, our regular Trial Grounds occupied two and one half acres, and embraced 591 varieties. Our special trial grounds embraced more than four acres, and more than 1000 varieties. The very best of these have been added to our list and are described in the following pages.

Each year, we discard the least desirable and add the better ones of other growers as well as our own. This year, we dropped 53 varieties and added 99 others. In this way we keep down the list of varieties and ever improve the quality.

See pages 29 and 30 for complete index of every variety listed.

**1926 BIG 4.**—We particularly call attention to out 1926 Big 4—Rodman Wanamaker, Gladys Peacock, Leo Niessen and Kathryn Donges. These are selected not only because they are large and especially desirable for exhibition purposes, but they are large in every way. The plants are big. See the photograph below of Rodman Wanamaker. The plant was six feet high, four feet wide, and some of the flowers were more than 12 inches across on four feet stems. Measure for yourself. The scale is  $\frac{5}{8}$  of an inch to the foot. Gladys Peacock and Kathryn Donges both grow six feet high and four feet across, and bloom equally profusely on long stems. Leo Niessen is even more sturdy, but grows only five feet high. Such a five feet can be imagined by looking at the photograph on opposite page. Full descriptions on pages 2, 3, 6 and 12. Purchased separately, these would cost \$23.00.

**SPECIAL 1926 BIG 4 OFFER.**—One strong root of each of these giant dahlias, 4 in all, fully guaranteed, by mail post paid for \$19.50; 3 each for \$55.00.

*Plant of Rodman Wanamaker, height 6 feet. This plant had 13 flowers on stems 4 feet long.*

## NEW INTRODUCTIONS

Never has the interest in new dahlias been so keen as at the present, and never have dahlia lovers been so discriminating. Eleven thousand people visited our grounds in two days (Saturday and Sunday) to see in full bloom our new dahlia.

### RODMAN WANAMAKER

Shown in natural colors on front cover page. Considering all points, we believe this is the greatest autumn colored dahlia in existence. The color is entirely distinct from any other variety.

The buds are pale lemon yellow, as is each petal as it first expands, but it quickly develops into a golden, salmon pink and finally into a beautiful bright shade of ochraceous salmon, with a reflex of spinel pink. The flowers are of splendid texture, with a luminous sheen. The plant is a most luxuriant grower, with an abundance of beautiful glossy light green foliage. (See illustration of plant opposite. This plant stood 6 feet high and had 13 open flowers when photographed.)

The illustration is five-sixths of an inch to the foot and a rule will show the size of the flowers when grown naturally and blooming profusely in the open field. The stems, as shown on this plant, are very long and hold the giant flowers erect facing.

**RODMAN WANAMAKER** has been grown in trial with all our dahlias and is the finest grower and largest flower on longest stem. As a commercial cut flower it is in a class by itself on account of its free blooming, beautiful color and form, and long slender stems.

### HOW TO GROW RODMAN WANAMAKER

Of course for largest flower leave only the terminal bud to the single stem plant; disbudding all the way to the ground. For 4 to 6 flowers, pinch out the plant with two or three pairs of leaves, according to number of shoots wanted. For the garden or for commercial cut flowers, allow the plant to grow naturally; tie securely to a stout stake. When buds appear, remove the terminal and next two. Then disbud all lateral branches as buds develop, leaving only the terminal bud on each branch. This will give you plants like the illustration opposite. You can control the number by leaving the number you want and removing the other shoots as they appear. Rodman Wanamaker was grown naturally 13 inches across in New Jersey; 12½ inches in California; and 8 to 12 inches everywhere. From all sections we have received words of praise for this great dahlia. Price of roots, \$7.50 each; plants \$3.75.

**LEO NIESSEN** The above half tone reproduction of a photograph shows the formation of the flower and how nobly it is held erect on the strong, cane stiff stem. It also shows the comparative size of the flower and foliage; a characteristic of a flower that will carry and keep well for all purposes, after cutting. The color is a brilliant cardinal red with a glistening sheen. The plant is a strong, vigorous, sturdy upright grower of branching habit; an early and continuous bloomer, producing the large, perfectly full flowers until killed by frost.

In our grounds it was pronounced the perfect red by all. We unhesitatingly recommend Leo Niessen as the best red decorative for exhibition, for the garden and for commercial cut flowers. It blooms under all conditions and is always perfect on long, stiff stems. Price, roots, \$10.00; plants, \$5.00.

*Rodman Wanamaker, Size 1924, 13 inches by Charman, Magnolia, N. J.; 12½ inches by Staats, Oakland, Calif.*

**ZEUS** Decorative-Paeony. The illustration gives only the form of this largest and most wonderful of all Dahlias. This bloom was 10½ inches in diameter and 5 inches deep. It has not only size and a cane stiff stem, but beautiful form as shown by the photograph. The color is a wonderfully rich glowing red, each petal distinctly tipped yellow. A giant without a trace of heaviness. So artistically built and richly colored that it attracts, it holds, it fascinates. The plant is medium dwarf, 3 to 4 ft. high, as we grow it in field; strong, sturdy, healthy and vigorous. A free and continuous bloomer. Strong plants ready May 1st. \$5.00 each. Roots \$10.00 each.

## NEW INTRODUCTIONS FOR 1926

Thoroughly tested and guaranteed. A most remarkable collection.

**AGNEW BEDDER** Decorative Bedder. A most remarkable new variety that we have, thoroughly tested for the past four years. The plants are dwarf, beginning to bloom when only a foot high and remaining in full bloom until frost. The flowers are splendidly formed and the color is the most vivid cardinal red. An early and profuse bloomer, holding its flowers on rigid stems. Height 2 feet. Plants \$1.00; roots \$2.00.

**AUDREY DAVENPORT** Decorative. A clear milk white that will eventually find its way into every collection. The flowers are splendidly formed and held facing on stiff, slender, erect stems. Size eight inches. An early and continuous bloomer. A splendid exhibition and commercial variety. Height 4 feet. Plants, May 1st, \$2.50; roots \$5.00 each.

**BEN MACKLER** Decorative. A cross of Earl Williams on Chas. Lawrence. Flowers not quite so large as the former, but more regularly marked and a much healthier constitution and better grower. Generally the outer row of petals are all red and all the other petals are striped white. Quite distinct, and a free bloomer on long stems. Height 5 feet. Plants only \$3.00 each.

**DR. I. N. BEEGLE** Hybrid Cactus. Decidedly the best commercial white Hybrid Cactus. The plant is a strong vigorous grower, with dark green glossy foliage. The beautiful snow white flowers are held gracefully on rigid arching stems, presenting the flowers facing. It is an early and free bloomer. Size of flower 7 inches. Height 4 feet. Grown to single stems a fine exhibition bloom. Plants \$2.50; roots \$5.00.

*Free! See page 30 for list of Dahlias you can select free and how.*

## NEW INTRODUCTIONS FOR 1926—Continued

**ELLA MAY RANKIN** Hybrid Decorative. Not only one of the largest of all dahlias, but one of the most beautifully formed. It is an early and profuse bloomer, but must be disbudded to produce the wonderful 10 to 11 inch exhibition flowers. Unusual formation and coloring make this variety one of the most gorgeous of recent introductions. The center petals, of a rich rose-red, silver veined, are long, narrow and curled. The widening petals brighten into a clear rose; while the outside ones, beautifully curled, deepen into pomegranate purple. Reflex, silvered tyrian rose. Height 4 feet. Roots \$5.00 each; plants \$2.50.

**J. MONTAGUE EVANS** Giant Paeony. This is a giant in every way. The flowers are 8 inches across, very deep, and produced on long cane stiff stems. Color, glistening golden bronze, shading to soft bronzy red. The plant is strong, vigorous and free blooming. Many of the blooms come perfectly full to the center. Height 6 feet. Roots \$2.50 each; plants \$1.25.

**KATHERINE JOURNEY** Paeony. A wonderful new variety for exhibition, cutting and garden. Like our other new productions, the flowers are of great substance and are borne erect on cane stiff stems. It is an early and extremely profuse bloomer. The first flowers are fully double. Color is yellow at base of petal, shading to rich bronzy red, and tipped yellow. The Geisha type, but richer and darker, with straight rigid stems. Plants \$0.75; roots \$1.50.

**MRS. DAYTON LAMONT** Decorative. This entirely, distinct new variety was raised by Mr. Dayton Lamont of Palmyra, N. J. A very strong sturdy grower, producing the 8 inch and very full flowers facing on straight stiff stems. Color, a soft salmon lilac overlaid and shaded deep lilac pink. Roots \$3.00 each; plants \$1.50.

**MRS. ROBERT H. GROFF** Cactus. This, in the opinion of our visitors, is the best pure white cactus. It is of medium size, 5 to 6 inches, and an extremely profuse bloomer. The petals are long, narrow and beautifully curled. The buds are long and pointed; the flowers perfect and full to the center. An ideal variety for garden and cutting. Roots \$2.50; plants \$1.25.

**PEACOCK** Giant Ball. This is not the old ball variety sent out by Turner in 1877, and which we discarded twenty-five years ago because it was not up to our standard, as represented by the Frank Smith type. We named it because no "Peacock" could be more gorgeous, and the old variety was not in commerce. The plant is dwarf and branching. The flowers are large for this type, and are produced freely on long erect rigid stems—in marked contrast to "Our Country," beside which it was tested out. The flowers are always perfectly formed, while the color is that rich crimson-purple, with each petal tipped white. "It is a great Dahlia" is the consensus of all our visitors. Roots \$5.00 each; plants \$2.50.

**PINK SUPREME** Cactus. This new pink is undoubtedly the best commercial pink cactus of the A. D. Livonia color; that particular pink shade that is so seldom seen and so greatly appreciated. The flowers are perfect in form, and produced on very long, straight, stiff, slender stems. A profuse bloomer and always perfect. Roots \$1.50 each; plants \$0.75.

**POST TELEGRAM** Decorative. This is a masterpiece. It is considered the ideal of its class and color and was selected and named "Post Telegram" by the management of that wide awake South Jersey newspaper. It is a thoroughbred in every way. Of "The Grizzly" type, it is fully as large, but not so heavy and much brighter color. The

ROBERT CAIN

"Post Telegram" is a brilliant, garnet red, richly shaded, and is borne in profusion on slender but stiff, upright stems, facing. It is a vigorous grower and early and continuous bloomer. The blooms are same size as "The Grizzly" but much handsomer formation, brighter color, much better bloomer. Height 5 feet. Plants only \$5.00 each.

**ROBERT CAIN** Decorative. This is about the brightest and loveliest red we have ever seen. A rich, dazzling live red that is sometimes called "geranium red." The form also is perfect, with full center—that long, pointed bud effect; while the outer petals reflex clear to the stem. The plant is a strong, vigorous grower; an early and profuse bloomer, on long straight stems. Roots \$1.50 each; plants \$0.75.

**ROBERT H. GROFF** Decorative. One of the most sensational seedlings we have ever raised. It is a seedling of "Attraction," but decorative in form. A very sturdy grower and produces the large flowers on long, graceful, rigid stems. Full regular decorative form and "Attraction" color. As it is much larger than "Attraction" it will be much more popular for exhibition and cut flowers than that variety. Height 4 feet. Plants only \$5.00 each.

**SPRINGTIME** Hybrid Cactus. One of the most distinct varieties we have ever produced. A cross of Attraction and Break O' Day, it has the form and upright growth and habit of Break O' Day. The flowers are quite large, and borne erect on rigid stems. Color, rich creamy white; an extremely profuse bloomer. Must be disbudded to get the big flowers and long stems. Height 4 feet. Roots \$1.00 each.

**SPECIAL OFFER No. 5.** One strong root of each of the new introductions, offering roots, 13 in all, for \$40.00.

**SPECIAL OFFER No. 6.** One strong plant of each of the new introductions, 16 in all, for \$30.00.

## RECENT INTRODUCTIONS

**DREAM GIRL** Decorative. An exquisite new variety with an entirely new color combination that has attracted the greatest attention. Pale lemon yellow at base of petal, shading to rosy red at tips; reflex pale pink and white. The flowers are of good size, of beautiful, regular form and borne well above foliage on straight stiff stems. A fine dwarf branching grower, 3 to 4 feet. One of the loveliest of all dahlias and entirely distinct. An acquisition. Roots, \$1.50.

**DREAM O' LOVE** Paeony. One of the most strikingly effective of this class. The flowers are of large size and beautiful form, with outer petals reflexed, whorled and twisted; while the inner petals are also whorled and twisted, but incurve. The color is the brightest, most luminous geranium red, richly shaded, and each petal is distinctly tipped yellow. The flowers have great depth and substance; are splendid for cutting and decorations. The plant is a very sturdy grower of branching habit and produces the flowers freely on stiff stems, making it an ideal garden plant. Roots \$1.00 each.

**MOTHER** Hybrid-Cactus. A glance at the illustration above, reproduced from a photograph, will tell the whole story of its name. It is so symbolic. Pure white with the slightest tint of color. It is large, so full, and carried proudly on an erect stem. The stem is well supplied with healthy green foliage, giving a still more striking resemblance to that old fashioned Mother. It is going to be universally grown—for exhibition, cut flowers and the garden. The plant is a strong sturdy grower and a free and continuous bloomer. Roots \$1.50 each.

### RECENT INTRODUCTIONS—Continued

**DR. STEM** Paeony. The best of all red paeony flowered dahlias. Entirely distinct in every way. The early flowers are 8 to 10 inches in diameter, are produced erect on cane stiff stems and are full to the center. The later flowers are of the same size but of beautiful paeony form, in many cases the yellow center is completely covered with fantastically formed inner petals. The color is a bright scarlet red, reflex engenia red. The plant is a sturdy, vigorous grower. An acquisition that will find its way into every paeony collection. 4 ft. Roots \$1.50.

**ELIZABETH B. FITLER** Hybrid Cactus. A new variety that appeals, one that we never tire of. It is everything that Etendard de Lyon is not. The flowers are larger, much fuller, on long, slender, stiff stems and were the first to bloom in our trials and were a mass of long stemmed, perfectly full flowers, when killed down by frost. Also the color is better, being a true purple, with a reflex of phlox purple. The plant is a free grower, with rich dark green foliage. The best of this class and color. 5 ft. Roots \$2.50. Plants \$1.25.

**GLADYS PEACOCK** Decorative. A massive flower that lasts longer than any other variety on the plant, with the possible exception of Colossal Pink. The flowers are of immense size and borne facing on very long, stiff stems. The color is lemon yellow at base of petals, shading to rose; reflex rose, veined, light mallow purple. The plant is a very strong, vigorous grower and a free bloomer for such a gigantic flower. The form is fine, with very full high pointed center. A splendid exhibition variety, and the kind we all like to give our friends, but most too large for commercial cut flowers. 7 ft. Roots \$3.00 each; plants \$1.50.

**GOLDEN GEISHA** Cactus Paeony. A cross of Golden Gate and Geisha, and a great acquisition to the paeony class. Color clear, light canary yellow with a scarlet suffusion or blotch on each petal, most effective. The form is hybrid cactus and perfectly full at first, but later shows the Geisha form as well as a bright and refined Geisha color. The plant is a very strong vigorous grower and free bloomer, with good, long, stiff, graceful stems, especially fine for cutting and artistic decorations. 5 ft. Roots \$1.00.

*"Peacock" is acknowledged by all who have seen it, the greatest of all variegated Dahlias.*

## RECENT INTRODUCTIONS—Continued

**HARRY DEITZ** Hybrid Decorative. The flowers are large, of wonderful texture and last a long time on the plant and after cutting. A very strong vigorous grower and profuse bloomer. Color, light lemon yellow, suffused and overlaid rose red, tipped lighter; a most pleasing and effective color combination. Splendid for exhibition, cutting or the garden. Height 4 ft. Roots \$1.00.

**HELEN RANKIN** Decorative. One of the most popular new varieties that has elicited the praise of the thousands of visitors at our farms. It is a cross of Rosa Nell and one of our seedlings. The color is lighter and brighter than Rosa Nell and an early and profuse bloomer on long, straight, stiff, slender stems. The flowers are borne erect. A great acquisition for the garden and as a commercial cut flower. 3 ft. Roots \$2.00.

**JANE HALL** Decorative. A grand decorative of massive build on erect stems. The petals reflex to the stem, while there are many more to open at the center. Color, clear buff yellow, with a bronzy suffusion on the outer petals, which sets off the bright high full center. The plant is an early and continuous bloomer. When disbudded and from a little distance they resemble those huge yellow chrysanthemums. Roots \$1.50 each.

**LAURA ENTREKIN** Hybrid Cactus. A giant new dahlia that will fill a long felt want. The color is deep rose pink, reflex pure rose pink. The form is absolutely perfect and borne facing on long stiff stems. The flowers are of great substance, lasting well on the plant and after cutting. In our trials it was the outstanding deep pink and the best of its class as a cut flower. The plant is a very strong, robust grower with luxuriant foliage. 4 ft. Roots \$2.00.

**LILY LAWRENCE** Hybrid Decorative. A splendid new variety that is not only an early and free bloomer, but continues until frost and never shows an open center, even late in the fall, when so many do. Hence it is a fine exhibition, garden and cut flower dahlia. The form is of the beautiful Bertha von Suttner type, with a full high center and the outer petals long, irregular, twisted and whorled turbine like. The color is light yellow, the outer petals suffused and overlaid jasper red. A very pleasing blending of colors that is most effective. The plant is a sturdy grower, 3 to 4 ft. and the large flowers are borne facing on rigidly, stiff stems. A great acquisition. Roots \$2.00.

**MAE GREFE** Colossal Cactus. This is the largest pink cactus in existence. It might be called a giant, stiff stemmed "Colossal Peace," as it is not only larger than that grand old favorite but has long, stiff stems. It is a strong, vigorous grower and free bloomer. Color, pure pink, shading to rose pink, tinting lighter at center and tips of petals. A grand acquisition that will be universally grown. 5 ft. Roots \$3.00 each; plants \$1.50 each.

**MANATEE** Decorative. Unique in form and massive in build, being extremely full, with full high center, and the petals are finely cleft. Also distinct in color; yellow overlaid flame scarlet, back petals darker, reflex lighter. The plant is a dwarf sturdy grower, producing the flowers freely on erect stiff stems. A popular Autumn shade as a cut flower and an ideal garden plant. Roots \$1.00 each.

**MRS. CAROLINE BRUNER** Decorative. One of the most popular in our trials the past two years. Brilliant crimson, shaded maroon, with flame and yellow at center and base of petals; a rich and effective combination. The flowers are large, of splendid form, and are carried well above the foliage. The plant is a very vigorous grower, an early, free and continuous bloomer; in fact the plants are a mass of bloom until frost. A splendid exhibition variety; very effective for cutting and one of the best for the garden. Height 5 ft. Roots \$1.00.

**MRS. C. B. GITHENS** Hybrid Decorative. An ideal garden and cut flower dahlia. The form is distinct, with a beautiful full center, while the petals are most pleasing and artistically irregular. They are long, flat and pointed, twisted, whorled and some are even quilled at the tips. Color, clear, luminous rose pink, tipped white—a combination most effective and pleasing, especially under artificial light. The flowers are produced facing on cane stiff stems. The plant is a very vigorous grower; early and free bloomer. 4 ft. Roots \$1.50.

**MRS. S. L. AUSTIN** Hybrid Cactus. Pure white, of fine form and held facing on long, stiff stems. Flowers are very large of good substance and one of the best for cutting. The plant is a very sturdy, robust grower. A splendid variety for exhibition, commercial cut flowers and the garden. 6 ft. Roots \$2.00; plants \$1.00.

**PINK ROSEBUD** Cactus. One of the loveliest dahlias grown. As a cut flower, it is the best of all pink cactus and entirely distinct. The buds are long, pointed, and the petals unfold like a long, pointed rose bud, one petal at a time. The buds are carried erect, like a rose bud and when cut in this form, can be shipped long distances. It is perfect cactus form, when fully expanded, and always full to the center. The stems are long, straight and rigidly stiff. The color is pure pink, tinting lighter toward the center and tips of petals. The plant is a strong, sturdy grower, and a free and continuous bloomer. 4 ft. Roots \$1.50.

**PRISCILLA AGNEW** Paeony. The most beautiful and valuable of all white paeony flowered dahlias. The color is so clear and pure, without spot or blemish and the yellow center so clear that the color contrast is chaste and effective. The flowers are snow white, of large size, beautifully formed and held facing on long straight, slender, but stiff stems. A great favorite for weddings and other decorations. The plant is a strong, free grower and profuse bloomer. One of the very best for the garden. 5 ft. Roots \$1.00.

**SARA HARLEY** Decorative. A superb new variety that has made a place for itself in the cut flower market and as a garden plant. The color is clear rose pink, tipped white, a lovely combination. The flowers are of good size, fine regular form and borne erect on stout, cane stiff stems. The flowers are of great substance and keep well after cutting. 4 ft. Roots \$1.00.

**SENATOR BAIRD** Decorative. A noble flower of immense size, beautiful regular form and borne erect on cane stiff stems. The color is the richest, glowing red. It is the finest of all red decoratives for exhibition or for the garden. The plant is the finest we have ever seen—strong, sturdy with luxuriant dark glossy green foliage. The flowers are very full to the center, up until frost. 4 ft. Roots \$2.50.

**SPECIAL OFFER No. 7.** One each of the 20 newer introductions for \$28.00.

**ROSALIA STYLES** Colossal Paeony. The largest and best pink of this class. Beautiful form, immense size, stiff stems, strong, vigorous, sturdy plant, a free and continuous bloomer, while last but not least, a wonderful live lustrous color—bright tyrian pink, tipped lighter; reflex pink. The plant is a strong, vigorous, sturdy grower, of medium height (5 feet), branching and producing the giant flowers freely on long cane stiff stems. A superb cut flower variety, on account of its clear color, good stems and remarkable shipping and keeping qualities. The early flowers are quite full to the center, on first opening, giving good depth. On the exhibition table, the 8 to 9 inch flowers are held erect without support by their own stems. The plant is simply perfect for the garden. Has attracted the greatest attention wherever seen and will be universally grown. Strong roots, \$1.00 each.

**SPECIAL OFFER No. 1.** We will send one strong root each of Rodman Wanamaker, Betty Austin and Rosalia Styles, shown in natural colors on 1st, 2nd and 3rd cover pages, for \$9.00.

**SPECIAL OFFER No. 2.** One root each of the seven exquisite new dahlias shown in natural colors on 4th cover page and described on page 32, for \$7.50.

**SPECIAL OFFER No. 3.** One root each of Colossal Pink, Isabel Street, Golden West Cactus and Queen Elizabeth, as shown on colored insert pages, for \$3.00.

**ISABEL STREET** Decorative. A grand new variety that has attracted the greatest attention of visitors at our farms and wherever exhibited. From all over the country we have heard nothing but praise. Hundreds of customers have written to tell us how much larger and handsomer their blooms were than the colored plate. The flowers are large and are produced on long cane stiff stems. It is an early and continuous bloomer, one of those varieties that bloom right through the hot Summer months. The color at base of petal is bright yellow, shading to bright rose red, with white tips; reflex pale pink. The large long stemmed flowers are very full, the outer petals reflexing to the stem. The plant is a strong, vigorous, upright grower, six feet high, producing the big, long stem flowers freely and continuously until frost. Owing to the large size, fine form and coloring **Isabel Street** is a splendid exhibition dahlia and with its heavy texture and keeping qualities it has proven a wonderful commercial cut flower. An acquisition to every collection. Strong roots, \$1.50 each.

**SPECIAL OFFER No. 3.** One root each of Rosalia Styles, Isabel Street, Golden West Cactus and Queen Elizabeth, for \$3.00.

**SPECIAL OFFER No. 4.** One root each of all the varieties shown in natural colors on the four cover pages and the four colored insert pages, 14 in all, for \$18.00.

Select Ball Dahlia, "A. D. LIVONIA" (See description)

**TYRREL AUSTIN.** This giant new variety is a seedling of the well-known F. R. Austin, but is entirely distinct, being larger, entirely distinct in color and formation. Size 7 to 9 inches. Color, outer petals a rich carmine red, inner petals are beautifully blended and veined carmine, shades of yellow and pink. The petals are twisted and whorled in a most pleasing manner. An early and profuse bloomer and strong vigorous grower. A great acquisition. Height, 5 feet..... \$0.50

**UNIQUE.** This is not only unique in coloring, but in form. Half of the flowers are perfectly full to the center, of fine regular form; the other half of them have numerous curled and twisted petals, almost covering the center and other fantastic forms. Color is rich rosy mauve, with crimson shade at base of petal, very striking and effective..... .35

**VICTORY.** Large yellow, shading to bronze red..... .25

**WM. AUSTIN.** A strong vigorous plant that comes into bloom early and continues until frost. Flowers large, finely formed; color white, suffused cerise, tipped carmine; very long stiff stems..... .25

## Select Ball Dahlias

This is the oldest of all the made types of Dahlias and the type that was at its best in the '40's. It is now coming back into popularity, especially for "Ye Olde Garden." With this new interest, we are increasing our list with the newer colossal or "Hybrid Ball" type of which "Kissimmee," illustrated on page 20, is a fair representative; while the smaller and quilled type is shown in "A. D. Livonia."

**A. D. LIVONIA.** Clear cerise pink, quilled petals. A free bloomer and a great favorite (see illustration)..... \$0.25

**APOLYON.** Brightest scarlet..... .20

**ARABELLA.** Primrose suffused pink edged rose..... .35

**ARTHUR LE FAVOUR.** Large yellow penciled and striped cardinal red..... .50

**AURORA.** Yellow suffused and tipped orange..... .25

**BON TON.** A very pleasing rich garnet, of fine form and a free bloomer on stiff stems..... .25

**BOSTON HUSSAR.** A cross of Bessie Boston and Red Hussar. It is very much larger than Hussar, with the same fiery red color and the cleft petals and formation of Boston without its heaviness. A splendid and most showy variety..... \$0.35

**CARL OWEN.** Perfectly formed, with full center; flowers borne erect on long stems; very good size for this type. Color, a rich carmine red..... .75

**CAROL.** A beautiful ball of small size, but beautiful round full form, with quilled petals and clear pink color. Large strong plants and produce the lovely flowers freely on long stiff stems..... .25

## Pompon or Lilliputian Dahlias

This class is a miniature form of the show or ball Dahlias, having the same round, ball like form, but much smaller in size. The plants are also smaller, of branching habit, producing the flowers in endless profusion. As they can be cut in sprays they are valuable for bouquets and for small grounds. Some varieties have miniature roots also.

<b>BELLE OF SPRINGFIELD.</b> A splendid variety and the finest type in pompons, flowers of perfect shape, soft rosy red, and borne in profusion on slender stems above the foliage.....	Root \$0.50	<b>KLEIN DOMITEA.</b> Bright golden terra-cotta. Profuse.....	Root \$0.25

**GOLDEN WEST CACTUS** See color illustration above, reproduced from a photograph. This is a California variety that is **in a class by itself**, in its color—that rich golden bronzy yellow, with the scarlet shading at the base of the petals and the center. It is a wonderful grower, strong and sturdy, with heavy, clean healthy leaves, and branching habit, producing the large flowers freely on long, stiff stems. The flower is large, 6 to 8 inches across, the outer petals reflexing somewhat, and a full high center, making it very deep. If properly grown and disbudded, it is a winner for exhibition, a wonder as a garden plant, and the best of its class and color for commercial cut flowers. The past season fully demonstrated the superiority of this variety, as we could at no time supply the demand for cut blooms. Should be in every collection. Roots, 50 cents; \$5.00 per doz.

**SPECIAL OFFER No. 1.** We will send one strong root each of Rodman Wanamaker, Betty Austin and Colossal Pink, shown in natural colors on 1st, 2nd and 3rd cover pages, for \$9.00.

**SPECIAL OFFER No. 2.** One root each of the seven exquisite new dahlias shown in natural colors on the 4th page and described on page 32, for \$7.50.

**SPECIAL OFFER No. 3.** One root each of Rosalia Styles, Isabel Street, Golden West Cactus and Queen Elizabeth, as shown on colored insert pages, for \$3.00.

**SPECIAL OFFER No. 4.** One root each of all the varieties shown in natural colors on the four cover pages and the four insert pages, 14 in all, for \$18.00.

**QUEEN  
Elizabeth**  
SEE  
DESCRIPTION  
BELOW

**QUEEN ELIZABETH** This new Paeony Dahlia shown in color above is the highest type yet produced in the class. Note the wonderful formation of the curled center petals, which completely cover the center. This illustration is reproduced from a photograph of a flower over 7 inches across. The color is a beautiful rosy mauve. The large flowers are facing, on very long (2 1/2 to 4 feet) stems, slender, yet stiff, holding the flowers erect. The plant is a very clean, strong grower and free bloomer, every shoot produces a flower. It is a variety that just will bloom. A flower that should be in every collection. Valuable for cutting, exhibition and the garden. The demand for Queen Elizabeth has exceeded our expectations. Each year it has been double the preceding year, until last year (the fourth) it was our best seller. It seems to do well all over the country, and unlike most dahlias, it improves as the season advances. The color improves, they keep longer and are at their best just before frost. Roots, 35 cents each.

**NOTE**—The above bloom was an exceptional one, showing how it can be grown. The majority of blooms show more or less yellow center, like other paeony flowered dahlias. In other words the above is the ideal type just like any other grown for exhibition.

**SPECIAL OFFER No. 5.** One strong root of each of the new introductions, offering roots, 13 in all, for \$40.00.

**SPECIAL OFFER No. 6.** One strong plant of each of the new introductions, 16 in all, for \$30.00.

**SPECIAL OFFER No. 7.** One each of the 20 new introductions, for \$28.00.

## Best Single Dahlias

The ordinary single Dahlias have been superseded by the Century Dahlias, but a few of the most beautiful or distinctive are appreciated, especially where color effects, smaller flowers or dwarf plants are needed.

**AMI BARILLET.** The purple Root foliage Dahlia. Entirely distinct. Flowers pure garnet, rich and glowing with a dark center, until the pollen appears. A free bloomer and strikingly effective for all purposes.... \$0.35

**APPLE BLOSSOMS.** Soft pink, heavily tipped carmine pink edged crimson, changing to softer tints as the season advances..... .25

**HAZEL HEITER.** A high colored single, a fine combination of pink, crimson and maroon..... .25

**PRAXITELES.** The color is a deep velvety violet maroon, each petal tipped white. The plants are dwarf..... .25

**RANTENDELIN.** Another fancy single. Color pure white, each petal has a narrow margin of deep crimson on each side. 3 feet..... .25

**ST. GEORGE.** Clear canary yellow, a splendid plant, branching, very profuse on long slender stems..... .25

## Collarette Dahlias

A most uniquely distinct class or type, that has become quite popular. Every collection should include one or more of them. The flowers are single with a smaller row of small or collar petals. These collar petals are generally distinct in color from the outer row.

We know these will please you and add to the attractiveness of your collection.

# FREE Your Own Selection of Varieties FREE

In the past, we have added extra roots of our own selection, which in many cases were duplicates of what the customers already had. Also, many wrote asking for changes in collections as they had some of the varieties. So to avoid above and to allow every one to make his own selection, we have listed below a very comprehensive collection of the very best, of their types and classes, that we grow in large quantities.

On any and all orders selected at the regular price, you may select from the following list to the amount of  $\frac{1}{4}$  extra. For example, on an order for \$4.00, you may select to amount of \$1.00 from list below. On an order for \$12.00, you may select from this list to amount of \$3.00 extra.

**NOTE.**—This does not apply to any Special Offer, Collection or special quotation; but to any and all varieties at the regular catalogue price. The extra varieties must be selected from the following list.

You may also on an order for \$10.00 select a \$3.00 variety by paying only 50 cents extra.

Every root goes out with our iron clad guarantee of entire satisfaction. It is not so much this guarantee that has made us the largest growers of dahlias in the world as the superiority of our stock, which makes such a guarantee possible, and our quick and cheerful adjustment of any thing that is not entirely satisfactory.

We also wish to acknowledge and thank our thousands of customers for their letters of thanks and appreciation. We appreciate your letters of praise for our dahlias, for your success is our success. We also appreciate your writing us of any failure, as in this way we learn many things about different varieties, in different locations, under different soil and climatic conditions.

*A visit to our field in September and October, or a trial order is the best way to get acquainted.*

# SEVEN WORLD'S BEST DAHLIAS

Described below and reproduced in natural colors on last cover page.

**CLAIRE KULP** The greatest of all reds. It not only grows more than 10 inches in diameter, but it is the richest shade of red, has wonderful stems, is a splendid grower and a free and continuous bloomer. If we could have but one red, it would be Claire Kulp. The color is the richest cardinal, shaded garnet, with just enough yellow at the base of the petal to set off the red most effectively. All other reds look dull and commonplace in comparison. The immense flowers are held erect to facing on long, slender, stiff stems. The plant is a very strong vigorous grower 5 to 6 feet high, with luxuriant foliage. For exhibition, the garden, or for commercial cut flowers, it is the world's best red. Roots \$1.50 each.

**SUNSET GLOW** Again we have a world beater. It is larger than Red Cross and better color; it is always perfect in form and will produce several times as many flowers. A glance at the natural color reproduction on last page will give a general idea of the color and the way the flower is carried on its splendid stem. The color is yellow at base of petal, outer part overlaid flame scarlet, tipped yellow. The plant is one of the very first to bloom, of medium height, 3 to 4 feet, and branching habit. It is an extremely profuse bloomer and every flower is perfect. As it is larger and better colored than Red Cross, it is not only the best of this type for garden and commercial cut flowers, but a splendid exhibition bloom. Roots \$2.00 each.

**MARY DORR** One of the most beautiful of all cactus dahlias and the best of the deep pink and white type. A great improvement over Margaret Bouchon, inasmuch as it is not only larger and better formed, brighter colored flowers, but a much better grower and more profuse bloomer with better stems. The color is bright tyrian pink, blending to white at center of flowers and tips of petals; reflex amaranth pink. The form is perfect, with long, twisted somewhat incurved petals. The flowers are produced freely on long slender, but stiff stems. The plant is a strong, vigorous grower. As a commercial cut flower it was the best of this type the past two years. A splendid garden and exhibition variety. 4 ft. Roots \$1.00.

**MRS. F. BERGHOLZ** Pronounced the finest cut flower on the market the past season. A bold sturdy hybrid Cactus, splendid form and that beautiful clear pink that is so seldom seen in any flower is rendered more effective and chaste by the white tips and creamy white center. The form is absolutely perfect and borne well above the foliage on long stiff stems. The plant is a strong, vigorous, robust grower. The flowers are always perfect and will stand forcing for exhibition size. A splendid garden plant. 4 ft. Roots \$2.00 each.

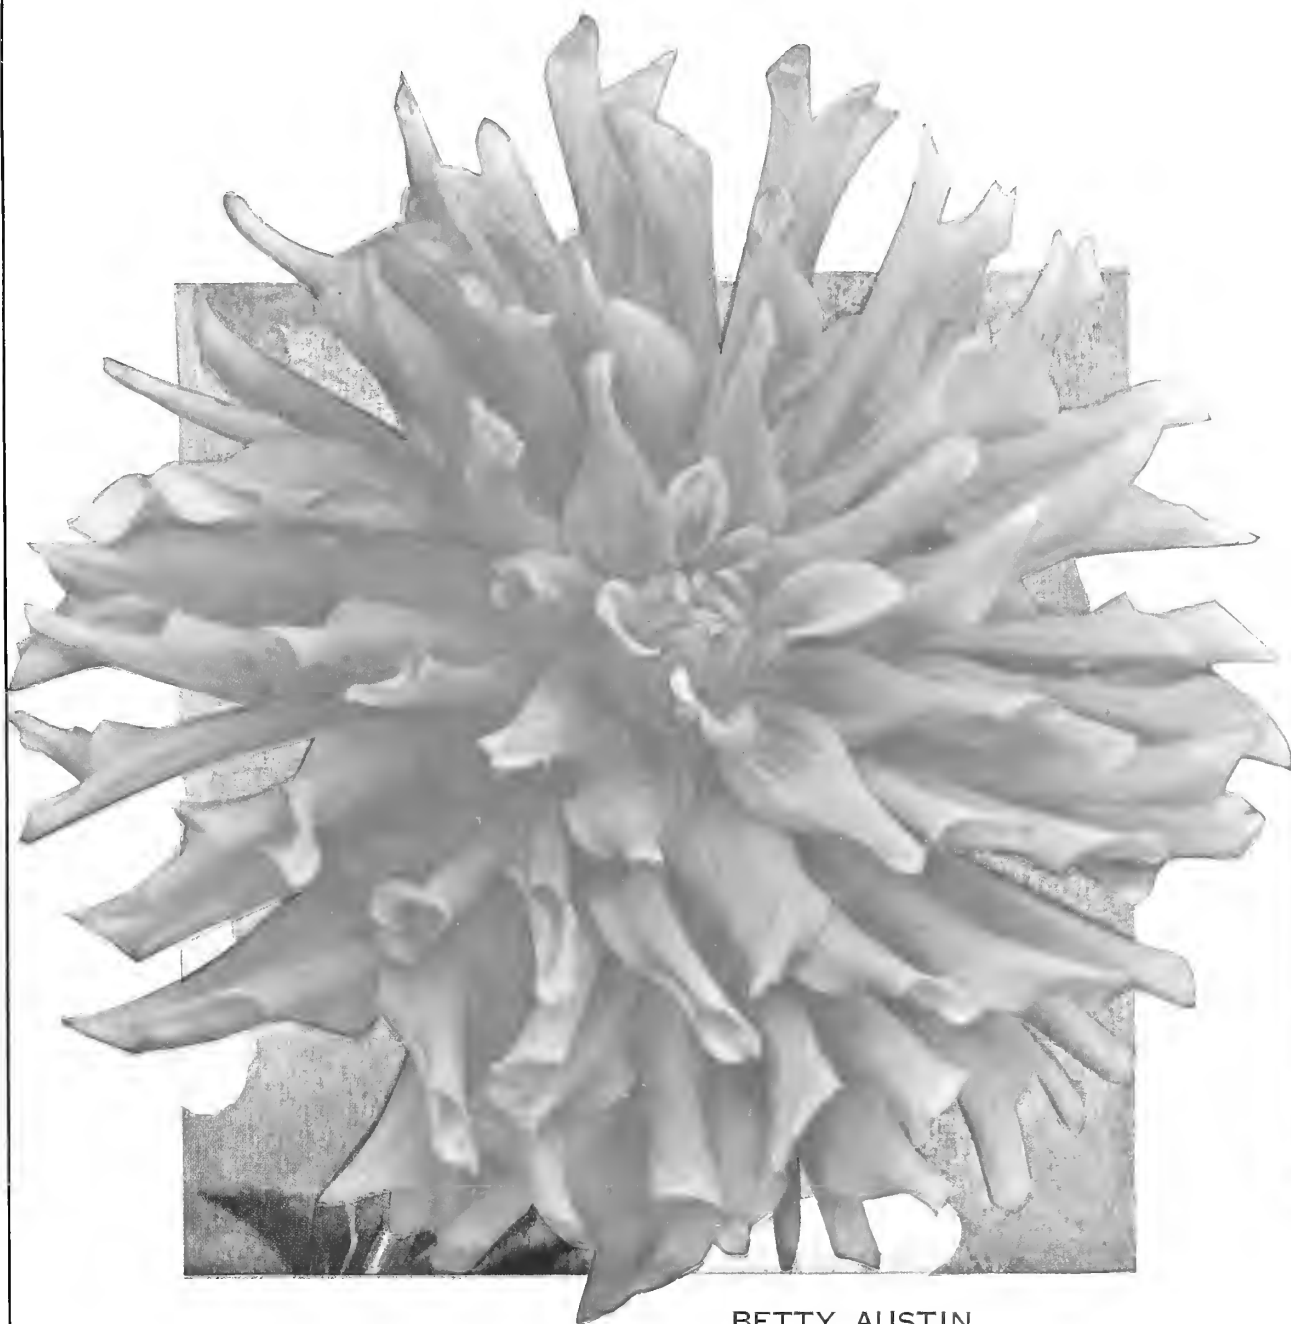

**MRS. J. HARRISON DICK** Too much cannot be said of the merits of this wonderful garden and cut flower variety. It was named by the request of the late Mr. J. Harrison Dick, who did so much for dahlias in general and the American Dahlia in particular, before his untimely end. This is the very best of all the bronzy yellow garden and cut flower dahlias. In fact it was so fine, we used it exclusively for our cut flower trade for several years. See page 17 for complete description. Roots 50c. each; 3 for \$1.25; 6 for \$2.25; 12 for \$4.00.

**MRS. LEO NIESSEN** Without question the very best cactus dahlia of its type and color. It is not only very bright and effective in early and midseason, being produced profusely on stiff stems, but late in the season, when so many varieties come open centered, it is always full and perfect. The flowers as shown on last cover page are splendid form and texture, hence splendid keepers, both on the plant and when cut. Color, a beautiful shade of scarlet red, blending to peach red at center of flower, with bright yellow at base of petal and at tips; reflex sulphur yellow veined and suffused pale peach red. A splendid bright, rich Autumn combination, at once most pleasing and effective. The plant is a very strong, vigorous grower and profuse bloomer. 4 ft. Roots \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00.

**SOPHY MOREY** A giant Cactus that is ideal in every way; large size, fine form, long stiff stems, delicately beautiful color, a good keeper, vigorous grower and profuse bloomer. We have heard nothing but praise of this peerless dahlia, which has done so well in all parts of the country. Color white, lightly suffused and overlaid phlox purple. The plant is a splendid, sturdy grower, producing the very large flowers facing on straight, slender, cane stiff stems. An acquisition for exhibition garden and commercial cut flowers. 4 ft. Roots \$2.00.

**SPECIAL OFFER No. 2.**—The seven world's Best Dahlias described above are absolutely the best in their colors and types. They combine all the qualities that go to make the perfect Dahlia. The complete collection, one root each—7 in all for \$7.50.

Address All Orders and Communications to  
**PEACOCK DAHLIA FARMS, Berlin, New Jersey**

**BETTY AUSTIN**

**BETTY AUSTIN** Cactus. The absolutely perfect dahlia. A Hybrid Cactus that is in a class by itself. One more year has only demonstrated that all over the country it is one of the earliest to bloom, a free and continuous bloomer. The flowers are full to the center up to frost. Color, yellow at base of petal, blending to rosy carmine and rose, yellow at tips; reflex rose. The form, as shown by the color photograph reproduced above, is the ideal Hybrid Cactus, while the long slim stem holds the flower up to look you frankly in the face. The flowers are medium to large, about seven inches in diameter. The plant is a quick grower, of branching habit, about three to four feet high. A wonderful commercial cut flower and an ideal garden plant. It is entirely distinct and worthy of a place in every collection. Strong roots, \$0.75 each.

**SPECIAL OFFER No. 1.** We will send one strong root each of Rodman Wanamaker, Colossal Pink and Betty Austin, shown in natural colors on 1st, 2nd and 3rd cover pages, for \$9.00.

**SPECIAL OFFER No. 2.** One root each of the seven exquisite new dahlias shown in natural colors on 4th cover page and described on page 32, for \$7.50.

**SPECIAL OFFER No. 3.** One root each of Rosalia Styles, Golden West Cactus, Isabel Street and Queen Elizabeth, as shown on colored insert pages, for \$3.00.

**SPECIAL OFFER No. 4.** One root each of all the varieties shown in natural colors on the four cover pages and the four insert pages, 14 in all, for \$18.00.
